Let each one grow bright and bright.

Let each one work with all the might.

Let each one know what is right.
5. To responsible ones give trust light,
With consciousness let them be light.
6. Let your energy spread like that of sun,
Let each lotus spread and glow like sun.
7. Let this world be like a beautiful pond,
Let it be a wonderful lotus full pond.

The people's intuition is sure lotus like.
